

ANNUAL REPORT  
for the  
Town  
of  
BRIDGEWATER  
New Hampshire

for the Fiscal Year ending  
December 31, 2008

In Memory of Milt Radmer: As a community, we will miss Milt. He was a conscientious and an active volunteer on many organizations. Few knew he was a project manager for the design and construction of the Lunar Lander used on the Apollo program for NASA. We will miss his good cheer.

## Selectman's Report 2008

2008 was an extremely challenging year. Record oil prices, record rains and snow, and a decline in revenues put a significant dent in the municipal budget. While our municipal tax rate declined slightly, we still experienced a small increase in the overall tax rate. Our overall tax position relative to other communities improved. (See the appendix in this town report) However, this coming year will be more challenging.

Quite honestly, our fate will depend on other local, county and state agencies. Last year we reported the negative impact from the decision of the Grafton County to replace its jail with a 40 million dollar correctional facility. This facility currently services 150 inmates. Many groups of selectman from towns in Grafton County were in opposition to this plan especially since no operational costs were available. Also, the leading economic indicators were ominous. In spite of that, they moved the proposal forward. It has been recently reported that the staff will expand from 30 to 72 employees and the costs to operate such a large facility will be significant. This plan should be tabled. If it's to be built, the funding should come from federal dollars not your property tax dollar. We expect a 90% increase on the county portion of the tax bill over the next five years if built and staffed. The Grafton County Commissioners could stop this if they had the political will. We ask you to call, email or otherwise communicate with them to stop this foolishness. The current state of the economy does not warrant this expenditure funded by a property tax. Thus far, the Grafton County Commissioners remain steadfast on a course that will burden most taxpayers regardless if they have lost income or recently became unemployed. (They hold a lot in common to Marie Antoinette's alleged quotation " .... Let them eat cake..." when hearing of widespread starvation during the French Revolution.)

At this moment, the Governors recommended biennium budget eliminates state revenues to cities and towns. There is some discussion that there will be some sort of substitute revenue, but it is unclear at this moment. The school district (SAU4) budget committee had made attempts to trim the school budget, but at the SB2 deliberative session, \$200,000 was restored to the budget by members of the public. If the warrant articles as proposed pass, the overall school budget will increase. If the warrant articles fail, the school budget will be slightly less than the default budget. We are not in favor of SB2 voting. Only 85 people in attendance moved an increase of the school budget. The increase was not earmarked to any program(s). In our opinion, SB2 voting has not helped either side with

respect to budgeting. Because of SB2, many voters are poorly informed and vote down good ideas or up the bad. The bottom line is more people need to attend these meetings.

The Hebron - Bridgewater Disposal District is level funded and we expect level funding or another small decline from the Bridgewater-Hebron Village District. (The Village School in Bridgewater.)

To complicate matters further, last year the Department of Revenue Administration further reduced the tax base by lowering the assessed value of the only industrial plant in town. This year they further reduced that entity. Using revenue analysis and return on investment methodology, the plant was reduced from an assessed value of 38 million dollars in 2006 to 8.5 million this year. Most real estate valuation is based on replacement cost. Utility appraisals are based on what they can earn. This is not a complaint against the plant. They have been a really good neighbor. (For example, they donated \$20,000/yr for 5 years for the new school. In normal times, this would not have been a significant issue. Obviously, these are not “normal times”. The net impact is moving tax burden to the residential base.

If that isn't enough, it is likely we will become a “donor” community by 2011 unless the legislature adopts a constitutional amendment target school aid to the neediest communities. Why the state sends subsidies to communities, which by any measure, are well off? It doesn't make sense.

The municipal budget has been about level funded for the last three years. The overall increase in taxes raised has been about 1.35% for the last five years. This is well below the consumer price index (CPI) for that period. Our long term debt is about \$650,000 (fire truck and public safety building) and final payoff is about 2014. Our infrastructure is in great shape and very little is needed to maintain the current status. We are recommending the purchase of a replacement pickup truck for the highway department. This vehicle's repair costs this year almost matched one year's financing cost. We have a reduction of about \$12,000 in per year debt issues, so this will actually reduce or contain costs. If approved, this bond would payoff in four years. Our employees have had pay raises reduced and frozen to 2% or less over the last few years. They are working with us to reduce costs at every avenue. We are reaching the point that we need to replenish financial reserves. We will discuss this at Town Meeting. While oil costs have declined, it is too early to determine

the impact on budgets. We are in pretty good shape to withstand these financial times. We continue our pledge to do everything to stabilize the economics. Most likely, we will take a bit of an economic battering but will come out stronger in the long run.

In closing, we wish to extend our appreciation to all the employees of the Town, both full and part-time, for their dedication and hard work. We will weather this economic storm given their assistance and your patience and understanding.

TOWN WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF BRIDGEWATER IN THE COUNTY OF  
GRAFTON IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Town Hall in said Bridgewater on Tuesday, the tenth day of  
March, 2009 next at twelve of the clock in the noon to act on the following subjects:

Polls to be opened from 12 Noon to 6:00 p.m.

Business Meeting 7:30 pm

- 1. To choose a Selectman for three (3) years and all other necessary town officials.
- 2. To see if the Town will vote to raise and appropriate the sum of \$ 1,255,959.00 which represents the operational budget. **Said sum does not include warrant articles.** (Majority vote required.) Recommended by the Selectmen.
- 3. To see if the Town will vote to appropriate the sum of \$ 48,000 for the purchase of a highway pickup truck and authorize the issuance of not more than \$ 48,000 for notes and bonds for a period of not more than 4 years, in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectman to issue and negotiate such bonds and notes to determine the interest rate thereon. Majority vote required. Recommended by the Board of Selectman. Note: This appropriation is in addition to warrant Article #2, the operation budget.
- 4. To transact any other business that may legally come before the meeting.

Given under our hand and seal, this \_\_20th\_\_ day of February in the year of our Lord two thousand and nine.

Definitions: Town = Local costs; Highway, Fire, Police, Administration, Sanitation

Newfound School District = Local cost of Cooperative School District

County = Grafton County Services; Deeds, County Nursing Home;  
Jail; Courts

Village District = New School Bldg. owned by Bridgewater & Hebron  
(Operated & staffed by Newfound School District)

State Property Tax = Broad Based tax based on the total valuation of a Town  
and a complex formula for adequate education cost.

**Auditor’s Report**

The Town of Bridgewater has three divisions:

The Town of Bridgewater (Municipal Services)

H-B Regional Refuse Disposal District

Bridgewater – Hebron Village District (School in Bridgewater)

This year we updated all divisions to a new common accounting system, new chart of accounts and new internal controls. This was to meet new Government Accounting Standard as put forth by the AICPA and required by the State. This has proven a more time consuming process (and expensive) and the auditors are behind in completing the audits. If they are completed by Town Meeting, a supplement to the town report will be made available. A copy is forwarded by the auditors to the DRA as part of this process.

The Selectmen.

**TOWN OF BRIDGEWATER**  
**Annual Town Meeting**  
**March 11, 2008**

The Annual Bridgewater Town Meeting opened with the Pledge of Allegiance and a prayer at approximately 7:44 pm. Present were Moderator Andrew Denton, Selectmen Terence Murphy, Selectmen Maurice Jenness, Selectmen Henry Woolner and approximately 150 residents.

Articles were as follows:

**Article #1: “To Choose a Selectman for three (3) years and all other necessary town officials”.** This was done by town ballot of which there were 260 votes cast. Votes cast were as follows:

Selectman – 3 year term:

Maurice Jenness – 183 votes; Andrew Denton – 44 votes; Ronald Olszak – 33 votes

Town Moderator – 3 year term

Andrew Denton – 228 votes

Town Clerk – 3 year term

Colleen Kenny – 259 votes

Library Trustee – 3 year term

Pauline Thompson – 3 votes

Supervisor of the Checklist – 3 year term

Rose Williams – 5 votes; Joseph Allison – 5 votes

Trustee of the Trust fund – 3 year term

Karen Simula – 4 votes

**Article #2: To see if the Town will vote the following: “Are you in favor of the adoption of the amendments proposed by the Bridgewater Planning Board for the town zoning ordinance as follows:** Votes cast were as follows:

Amendment #1 – Amend the height calculation for a structure.

Yes – 184

No – 67

Amendment #2 – Adopt regulations and enforcement provisions relating to sex offenders in areas in which children congregate.

Yes – 238

No – 26

Amendment #3 – Adopt a comprehensive scheme for the regulation of small wind turbines on residential properties.

Yes – 177

No – 78

**Article #3: To see if the Town will vote to raise and appropriate the sum of \$1,211,237.00 which represents the operational budget. Said sum does not include warrant articles.** Terry Murphy spoke to this article stating the increase of \$20,000 due to winter weather and upkeep. Discussion of line items in budget report as stated by the Annual Report. Terry Murphy moved to amend this article to \$1,231,237.00. Hank Woolner seconded this amendment to Article #3. Article as opened for discussion and amendment to Article # as well as Article #3 was voted in favor by hand vote.

**Article #4: To see what action the town will take relative to eliminating the property tax as the sole method of raising revenues in the State of New Hampshire. (By petition).** Terry Murphy moved this article as written and Michael Capsalis seconded. This article was opened for discussion. An explanation of this article was provided by Selectmen Murphy and Woolner. Article #4 voted in opposition via hand.

**Article #5: To transact any other business that may legally come before the meeting.** Some discussion regarding delivery/mailing of town reports and potential options for online offering. Thanks was given to the road crew, the HB Refuse Center employees, and the Emergency Squad for their dedicated work over the past year as well as the location of the Town Clerk's Office and donations to the Humane Society and the Senior Center.

Motion to adjourn offered by Michael Capsalis and seconded by Kathi Lovett. Meeting adjourned at approximately 9:00 pm.

Respectfully submitted,

Colleen M. Kenny  
Bridgewater Town Clerk

### **Planning Board Report**

2008 was a relatively quiet year for the Planning Board. We had three small sub-divisions and a couple of land boundary changes. We took the low activity to review our master plan and zoning regulations and concluded that we are in pretty good shape to maintain a low growth rate and attend to environmental issues addressed in the master plan. We noted a lot of concern from external groups relating to shorefront, riverfront and watershed issues. The Town took progressive actions on these issues years ago. Existing slope and soil regulations assists in that regard. We asked the voters (and they agreed) to extend similar shoreline protection to the Pemi-River and that addressed concerns in that area. The result of this planning has been a very low growth rate relative to other towns while addressing existing and future concerns.

In other planning items, the Selectman along with police, fire, EMS, highway and planning, completed comprehensive hazard mitigation planning which also supports the emergency operation plan. These are documents required to be in place so the town continues to be eligible for FEMA and other state and federal grants in addition to emergency planning. The flood maps and 911 maps were also updated during 2008.

For the most part, Bridgewater is in pretty good shape regarding planning.

Kathy Lovett, Chair.

### **Highway Department Report**

2008 was a year to remember. We had record snowfall and heavy rains. The hazard mitigation that was done since the 1998 floods held up well and road damage was kept to a minimum. These weather events were very costly and the resulting impact on the budget was dramatic. Winter storms were almost on a two to three day cycle which did not help matters. December of 2008 started with a bang with two major winter storms but has since leveled off.

I have asked the Selectman to replace one pickup truck this year as maintenance cost of this 2000 F 450 has reached a point that a new vehicle make for better economics. The Selectmen are also aware that our heavy equipment is aging and they will address this matter as soon as the long term debt of the town is reduced. We are in pretty good shape and thank you for your continued support.

I want to assure you that we consider the safety of the public as well as the cost to the taxpayer. I want to acknowledge the long hours and hard work of Bill Bucklin, Mark Jenness and Richard Poitras for their outstanding efforts in 2008.

Arnold "Buck" Cate, Road Agent

## 2008 ASSESSING DEPARTMENT ANNUAL REPORT

2008 was another quiet year for the real estate market in Bridgewater. There were 35% fewer sales in 2008 than in 2007. Our assessments are close to market value and the majority of properties are still selling for more than they are assessed for. We maintain a "sales book" at the Town Office. If you are curious about what properties were selling for in 2008, come in and take a look or check out the Vision Appraisal Website at [VisionAppraisal.com](http://VisionAppraisal.com) under Bridgewater, New Hampshire. We update the website information about every 4-6 months. The State of NH Assessing Standards Board requires that we "Update" our values every five years **if** they don't meet minimum State standards. One of those standards is that all property be assessed for between 90% and 110% of market value *as of April 1<sup>st</sup> of the certification year*. Our last certification year was 2006. Our next certification year is 2011.

I have already started checking on building permits and properties that were under construction, but not complete last April. If you find that a letter was left at your home, requesting that you phone in to schedule an inspection, please call in promptly. I continue to interview new buyers and inspect the sale properties to verify our data. Accurate data is key to fair assessments and statistical studies.

The State of NH Assessing Standards Board requires that the municipalities verify their assessing data once every 10 years. This includes checking the exterior measurements on all buildings and doing an interior inspection. We do this project over a three to four year time span so that the cost has less impact on the tax rate. The last time that we did this project was 2000-2002. I will be verifying the data on thirty percent of the town this summer and fall. I will send a letter before I visit. This will give you an opportunity to schedule an inspection, rather than just having me "show-up". Data verification will start in the northwest section of the town, around the lake.

Also this year I am doing an ongoing project to get all of our Current Use program documentation up to standards (another certification requirement). If you receive a letter from me asking for more current documentation, *please* respond promptly. I am available to help you fill out any forms that need to be provided.

I am usually in the Town Office on the second or third Thursday of the month. If you have any questions about your assessment or the assessing process in Bridgewater please call the Town Office to schedule an appointment to meet with me.

My thanks to all of you who make Bridgewater a rewarding place to work.

Respectfully submitted  
Diana Calder, Assessor

### **Bridgewater Fire Rescue EMS Department\***

The past year saw a relatively normal number of emergency calls for fires, motor vehicle accidents and medical responses both in, and outside of, our Town. We did initiate some important changes during the year that will improve our capabilities in providing service to our neighbors and our guests;

- 1.) We completed the replacement of our old ladder truck, whose ladder had failed it's ladder test, with a "new to us" ladder from Ogunquit, Maine. This apparatus, which combines a longer ladder and a rear mounted location, provides us with improved capability to give our firemen a safer platform upon which to work in any situation requiring activities above the ground;
- 2.) We have initiated improvements in our response capabilities for snowmobile related emergencies within our Town. Due to the substantial trail network within our boundaries, the excellent quality of our trails (through the efforts of our local Club) and the increase in snowmobile enthusiasts, we felt we needed to obtain the equipment necessary to evacuate patients from trails in the event of an accident. With our resources and those of our Mutual Aid partner Towns, we now have contingency plans for assisting those in need in these remote areas;
- 3.) We have re-staffed our EMS director position which gives immediate benefits for both our EMS and our Fire responses. The new EMS Director is M. Tapio Mayo, from Bridgewater, and he holds the Firefighter I and II designation and is an EMT. We welcome him as an integral part of our operations.

If you'll allow me, let me remind you of a few things about safety: First, if you call 911 on a cell phone, be prepared to give an accurate location. Cell phones are not tied into the Enhanced 911 system so the call is routed to State Police. The operator will not know your location (as they would on a land line phone) so you must be prepared to give them this information. Second, please have working smoke detectors on all levels of your home, make sure the batteries (if battery powered) are good and never disable them. No one disputes that smoke detectors save lives-your life is worth any trouble required to maintain these devices. And lastly, consider installing carbon monoxide detectors. We have had some "close calls" this past year with carbon monoxide poisoning which could have been avoided by these types of detectors. As with smoke detectors, they can be invaluable to you and your family's safety.

In closing, we are always looking for new members to staff our various operations. Whether you have an interest in the Fire Department or our EMS Division, we'd like to speak with you. We are truly neighbors helping neighbors, it's exciting and rewarding. Come by on Monday evenings and see what a Fire/EMS operation is like-you may stay for a lifetime!

Andrew Denton  
Fire Chief

\* A Division of Bridgewater Public Safety

### **Bridgewater EMS\***

During the summer of 2008, the Selectmen decided to take steps to restore the Bridgewater EMS service to a "transport" department primarily due to staffing issues. I was hired on late 2008 to get the equipment, and more importantly, qualified EMT's in place. As Bridgewater resident since 2000 and a Fire Department member since 2006, I have interest in providing the best service to my community that we can. The Bridgewater EMS has a core group of highly motivated and talented providers, but the resources we currently have need to be bolstered to keep from spreading ourselves too thinly.

New training programs and new staffing has had dramatic increase in those interested in becoming an EMT. The EMS unit works under the Fire Chief, Andrew Denton, who oversees both. The Public Safety Department is moving away from a volunteer service to an "on-call" service. All members of the fire, EMS and police, are paid an hourly wage for time spent responding to calls.

If you are interested in learning some valuable life saving skills and helping to serve your community, please let me, Chief Andrew Denton, Chief E.J. Thompson or any of the selectmen know. I can be reached during business hours at 744-6047 to discuss anything mentioned or just to chat.

Sincerely,

M. Tapio Mayo  
Director EMS, Bridgewater Fire Department

\* A Division of Bridgewater Public Safety

**BRIDGEWATER POLICE DEPARTMENT\***  
**YEAR END REPORT – 2008**

To the residents of Bridgewater, Board of Selectman and other interested parties, I submit the following police department's report for 2008.

This is my fifth year submitting this report and there have been changes within the Public Safety that have impacted the police department. Due to the declining economy, the police department's budget was condensed which resulted in losing one of the part-time officers.

Hoby Harmon, of this community, also resigned from his position as the shared employee between the police, fire and EMS department. There were a lot of sacrifices that Hoby made to become certified as a full time police officer, Emergency Medical Technician, and as a Level One Fire Fighter. I wish him the best of luck with his new position as the Director of Safety Services at Speare Memorial Hospital.

In June, I was able to hire George Hill to cover shifts while I was on vacation. George is a good asset and most of you remember him as the Chief of Police several years ago.

There is always the potential of more property crimes being committed which may be related to a declining economy. I am asking you to look out for each other. If you see anything that appears to be suspicious at your neighbor's residence, please do not hesitate to contact the Bridgewater Police Dispatch at 536-1626, so that an officer is dispatched to check your neighbor's property.

The Bridgewater Police Department strives to serve this community with the specialized services with respect to the Public Safety Concept, and to provide the town of Bridgewater with a professional and expedient service. It has been a pleasure serving the residents of Bridgewater for the past four and a half years. I look forward to continue serving your community. Please feel free to stop by my office with any questions, concerns or just to say "hi". Thank you for supporting your police department.

Respectfully submitted,  
Ernest "EJ" Thompson  
Chief of Police

## BRIDGEWATER-HEBRON VILLAGE DISTRICT

The village district continues to be a very successful model. The building itself provides a facility for many community activities, including TTCC programs, in addition to providing a first rate facility for our children's education.

The district completed various line items for the 2008 year.

- Established a non-capital reserve maintenance and upgrade fund, funded from the undesignated fund balance
- Provided support for recycling in the school in co-operation with the H-B Refuse District
- Upgraded the storage building on the Wescott property so that it can be used by the district as well as the school for storage of off season materials and equipment.

Henry Woolner

# Notes

# Notes

Catherine Drew. Catherine was an active member of this community. She was a member of the Bridgewater Historical Society, Library Trustee, Newfound Area School Board member and Bridgewater Home Industries Chair. She and her husband, Forest ran Drew's Greenhouse on River Rd. in Bridgewater for 42 years. She will be missed by all.

Doug Piper: Doug was born and raised in Bridgewater. From an early age, he wanted to serve his country in the military. He graduated from ranger school in 1999 and was severely injured in the Iraq war in 2003. Because of the extent of his injuries, he retired from the military in 2006, and currently lives in Georgia with his family. His sacrifice will be remembered and honored by this community.
